### *The First Session..*

Scheduled between two and four months, begins "The Year in the Life Of" program. Sweet expressions and tiny details highlight this session. Clothing is often cumbersome at this age, and we prefer to wrap the baby in soft fabrics. Since we love to include moms and dads at this time, remember to inquire about your clothing.

### *The Second Session..*

About the time your child is sitting up confidently is a perfect time for the second session. Christening gowns or simple pastel outfits are popular clothing choices.

### *The Third Session..*

Plan to do your third session when your child is standing alone, but before he is running full tilt! Fully independent and loaded with energy, personalities are revealed at this age. Consider a family portrait as part of this session.

*Life is all memory,  
Except for the one present moment  
that goes by so quick  
you hardly catch it going."*
